18:20-18:30 – The Way Ahead

Juliane Kokott

18:30 seminar ends

¹ This webinar replaces the closed session of ILA Kyoto Congress. Admission is restricted to the sole members of the ILA Working Group and is subject to prior registration to y.arbon@ibfd.org until 1 July 2020.

² After registration, each member of the research group will receive a link to the channel of the webinar.

This webinar replaces the closed session that would have taken place in August 2020 at the ILA Congress in Kyoto, had the Congress not been cancelled due to *force majeure*.

Members of the ILA Study Group who have previously expressed their interest to attend the ILA Congress have contributed to a Short Report, originally conceived for distribution at the Kyoto Congress and soon available online the ILA Website. Therefore, the Chair and Co-Chair have invited such members to make presentations at this webinar.

Two weeks before the webinar, all members of the ILA Study Group will receive the Short Report, together with the latest available updated version of the Full Draft Report.

The invited speakers will refer to selected points drawn from the content of the Short and Full Draft Report, focusing on relevant issues and solutions that they suggest the Chair and Co-Chair to include in Chapter 7 of the Full Draft Report.

Speakers will prepare their slides (NB: max 10 minutes per presentation) with bullet points that reflect such issues and solutions. A follow-up debate of 5 minutes with all members of the ILA Study Group is bundled together with each presentation, allowing everyone to make further concise suggestions and commentaries.

After the webinar, the Chair and Co-Chair will steer the project towards completion, adding Chapter 8 with the two alternative (soft law and hard law) approaches for conveying the research output of the ILA Study Group into actual normative measures.

Suggestions and comments are welcome also via email before and after the webinar.
